Outline Description	Carafa's residential palace before being appointed GM
Property Description	Built as a residential palace for Georgio Carafa while serving as an Admiral of the Fleet. Once appointed Grand Master, Carafa moved to the Grand Master's Palace. The facade is characterized by a massive doorway, flanked by pilasters which extended up to the corbels which support the large open balcony. The main door is flanked by two small open balconies on each side at the first floor level. The open balcony on the first floor is flanked by a window and a small open balcony on each side. While the third floor is characterized by a large closed wooden balcony, which is flanked by a window and a small open balcony on each side.
